INTRODUCTION

Those residents of Southwark who are handicapped need advice and help if they are to enjoy as full and mobile a life as their disability permits. This hand-book has been compiled to inform them of the services, clubs and organisations available to them; and of the shops, public houses, places of entertainment, etc., which they can use without too much difficulty. Thought and consideration has been given especially to the severely handicapped using wheel-chairs.

Prepared by the Standing Committee for the Handicapped of the Southwark Council of Social Service, it owes much to the assistance of voluntary workers, schools and others in surveying the Borough and to the Southwark Council Social Services Department for the information on Services. To all we express our thanks.

It is likely that this hand-book contains inaccuracies and that some establishments not included may equally be accessible to the handicapped. Any suggestions for improvement will be welcomed for any subsequent editions. Please write to the Hon. Secretary, Standing Committee for the Handicapped, 53 Chatham Street, S.E.17.

Please write to the Assistant Borough Librarian, Bermondsey Library, Spa Road, S.E.16. if you wish to avail yourself of this service.
